

OPEN THE DOOR TO CONVENIENCE & ADA COMPLIANCE

1-Amp+, 100W
internal power supply for true Plug 'N Play integration

- Add electric access & egress control components without adding a power supply:
 - Electric Latch Retraction Exit Devices
 - Electric Strikes
 - Other Electrified Locking Systems
- Extremely quiet operation
- One-man, low-cost installation
- One-button, hassle-free setup
- Dual vestibule control of multiple operators
- No maintenance contract required

Perfect for healthcare facilities, retail storefronts, office buildings, & campuses.
