

PROTECT YOUR ACCESS CONTROL INVESTMENT

Door Prop Alarms

EA-SN
Alarm Only

EA-728V
Alarm w/ Keylock

EA-708V
Alarm w/ Key Cylinder

WHAT YOU NEED TO KNOW:

With a visually appealing and functional design, **SDC's EA series door prop alarms** are compatible with all access control systems but can also function as a stand-alone solution. Now you can support positive access control and security behavior by students on campus and employees at facilities.

Improve security with a cost-effective, standalone door prop alarm. The EA series door prop alarm/exit alarm can be configured to provide an audible and visual alert when the door has been held open longer than the pre-set time interval (adjustable 0-60 sec). If the door is held open past the allowed time, the integral piezo alert is sounded until the door is closed or the alarm is reset.

All SDC door prop alarms feature audible sirens with adjustable timer settings, two outputs, bypass status indicator light, and vandal-resistant aluminum construction. Available to install in single gang or double gang enclosures, SDC door prop alarms also offer optional keylock and mortise cylinder reset/bypass switches.

HOW YOUR CUSTOMER BENEFITS:

- Adjustable Timed Delay
- Exit Alarm on Door Opening
- Automatic or Manual Alarm Reset
- Output Relays for Remote Monitoring
- Integral Bi-Color LED Status Indicator
- Optional Key Reset/Bypass Switch
- Compact Universal Mounting
- 85dB Piezo Buzzer Alarm With Field
- Interchangeable Volume Control
- Vandal Resistant
