
Grade 1 Cylindrical Locks

SDC M7200 Series locksets are designed for commercial, industrial and institutional use, where dependable operation and longevity is required along with high resistance to vandalism and abuse. Applications include office buildings, government centers, factories, schools and hospitals and more.

Internal clutch provides vandal resistance by permitting lever rotation without retracting latch when locked.

Independent heavy duty springs provide effective lever return and support.

UL LISTED

G1 Galaxy

E1 Eclipse

G5 Galaxy, I-Core

E5 Eclipse, I-Core

M7200 MECHANICAL		LIST
M7201	Passage	**175.00**
M7202	Privacy	**200.00**
