7000-DF Door Raceway Pro™

Precision Door Core Drill Fixture Drills wire raceway for electric door locks

Features

The SDC Door Raceway Pro™ provides a precision method of wire preparation for particle filled or solid wood doors to accommodate the installation of electrified locksets, exit devices and hinges. The fixture provides a guide that spans the full width of the door to help provide the most accurate drilling. Other features include:

- Drilling guide spans full door width for more accurate drilling
- Full width guide is adjustable several degrees up or down from hinge stile to lock stile to accommodate lock position.
- Two 3/8" drill bit guides to accommodate both standard and extra thick doors
- Two 1/4" drill bit guides to accommodate both standard and extra thick doors
- One 7000-DB3/8 3/8" drill bit included
