**HIGH IN-RUSH CONCEALED POWER TRANSFER DEVICE, UL LISTED**

**DOOR CORE DRILL FIXTURE**

Available factory direct to installing dealers. Major credit cards accepted. The SDC door core drill fixture provides the best method of wire preparation for particle filled or solid wood doors to accommodate the installation of electrified locksets, exit devices and hinges. The fixture provides a guide that spans the full width of the door to help provide the most accurate drilling. Other features include:

- 3/8" drill bit included
- Drilling guide spans full door width for more accurate drilling
- Full width guide is adjustable up to several degrees from hinge stile to lock stile to accommodate lock position.
- Two 3/8" drill bit guides to accommodate both standard and extra thick doors
- Two 1/4" drill bit guides to accommodate both standard and extra thick doors
